National Utility Contractors Association of Florida (NUCA)

Attn: Ms. Kari Hebrank
Executive Vice-President
113 East College Ave., Suite #200
Tallahassee, FL 32301

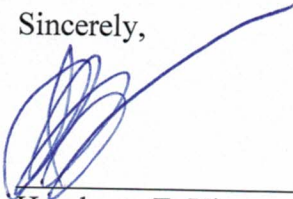

Dear Ms. Hebrank:

I am very pleased and honored to have been selected as a recipient for the Andrew Scott Johnson Memorial Scholarship by the NUCA of Florida. I would like to thank you and the board for your generous support and helping with the cost of pursuing a college education. I am also very grateful for having been invited to the award ceremony, which was a memorable experience and gave me the opportunity to meet and thank some of the members in person.

I decided to pursue my Actuarial Science degree in New York because it is an important center of financial and insurance activity. I have been fortunate enough to have found actuarial internship positions, which have provided invaluable exposure to the industry and have helped me contribute to my education and living expenses. However, between the scholarships granted by St. John's University and what I have been able to contribute with internship earnings, there has still remained a balance that your generous award will help me cover.

As mentioned in my application, I will be starting my senior year at St. John's University in the Fall of 2017. At the same time, I am studying to earn the fourth actuarial exam which will help me progress further in my career and help in securing a full-time position as an actuary. If in the future I can be of any assistance to NUCA of Florida or any of its members, please feel free to let me know. I look forward to the opportunity to give back to your organization and greatly appreciate your vote of confidence in me.

Sincerely,

Humberto E. Viana
