Representative

Board member and Immediate Past President Lauren Atwell, with Petticoat-Schmitt Civil Contractors, was recognized for his service and dedication to NUCA of Florida, and congratulated for his contributions to the Association.

Established in 1980, NUCA of Florida is a non-profit trade association representing more than 450 underground utility contractors, material and equipment suppliers, and manufacturers throughout Florida. NUCA of Florida is comprised of six chapters and governed by a 24-member board. Its members are involved in water, sewer, gas, and telephone installations accomplished through open excavation or trenchless technology.
