

November 15, 2016

The Honorable Kathy Castor
United States House of Representatives
205 Cannon House Office Building
Washington, D.C. 20515

Dear Congresswoman Castor:

On behalf of the National Utility Contractors Association of Florida (NUCA of Florida), I would like to congratulate you on your recent re-election to the United States House of Representatives.

NUCA of Florida is a non-profit trade association, representing more than 350 underground utility contractors, material and equipment suppliers, and manufacturers throughout Florida. Our members are involved in water, sewer, gas and telephone installations achieved through open excavation or trenchless technology. In other words, “we dig Florida!!”

NUCA of Florida members are diverse in size; many are “Mom and Pop” family-owned enterprises, while others are multi-location, larger companies. All depend on a friendly business and regulatory environment for sustainability and growth. We look forward to working with you to ensure Florida’s business climate supports our existing businesses while simultaneously attracting new ventures to our great State.

Sincerely,

Kari Hebrank
Executive Vice President
NUCA of Florida
